

HUNTERS POINT SOUTH WATERFRONT PARK

Queens, NY, USA

PROJECT TYPE: CITY PARK

PROFESSIONAL SERVICES: DESIGN

ROLE: PRINCIPAL DESIGNER (WHILE AT TBA)

CORE CONSULTANT TEAM: TBA, WEISS MANFREDI, ARUP

CLIENT: NYC-EDC

SIZE: 11 ACRES

STATUS: BUILT

PROJECT CHARGE: Christian led the design of a new waterfront park to serve as a model of climate resilience and sustainability. The design proposed both active and passive recreational opportunities for visitors and nearby residents. The team transformed this degraded brownfield site from a state of abandonment to an ecological and social asset.
