

## MUSEUM OF MODERN ART ROOF MANHATTAN, NY, USA

**PROJECT TYPE:** MUSEUM

**PROFESSIONAL SERVICES:** DESIGN

**ROLE:** DESIGNER/CONSTRUCTION ADMIN  
(WHILE AT KSLA)

**CORE CONSULTANT TEAM:** KSLA

**CLIENT:** MUSEUM OF MODERN ART

**SIZE:** 1.5 ACRES

**STATUS:** BUILT

**PROJECT CHARGE:** Working with artist Ken Smith, Christian led the fabrication and implementation of this art-oriented roof series as a visual mitigation device for the expansion of the Museum of Modern Art in New York City. The design of the roof surface utilizes a visual vocabulary of camouflage to create a garden that both disguises the roof while making it highly visible.
