ROLE: DESIGN REVIEW, PROJECT IMPLEMENTATION
(WHILE AT GSA)
CORE CONSULTANT TEAM: SOM, MLA
CLIENT: ADMIN OFFICE OF COURTS, GSA
SIZE: 5 ACRES
STATUS: BUILT

PROJECT CHARGE: The New Los Angeles Federal Courthouse was designed and constructed as a sustainable, secure, modern, and cost-effective U.S. Courthouse located in the lively civic heart of downtown Los Angeles. The courthouse optimizes court operations, addresses previous security concerns, provides the necessary space for the U.S. District Court, and features civic landscapes that symbolically interact with the open space system of DTLA.
