

**MARIPOSA LPOE: SITE SYSTEM ANALYSIS AND BALANCING**  
**US GENERAL SERVICES ADMINISTRATION**

PROJECT TYPE: RETRO COMMISSIONING  
PROFESSIONAL SERVICES: CLIENT  
ROLE: PROJECT LEAD  
CONSULTANT: CONSERVATION DESIGN FORUM  
CLIENT: GSA, CBP  
PUBLICATION DATE: 2018  
STATUS: PUBLISHED

PROJECT: We envisioned, and in partnership with Conservation Design Forum led, the retro-commissioning and site analysis of a major international Land Port of Entry along the US-Mexico Border. The project documented, measured and balanced the complex and deeply integrated architectural, site systems, and green infrastructure to optimize facility performance.
