

FDA WHITE OAK: SITE SYSTEM ANALYSIS AND BALANCING US GENERAL SERVICES ADMINISTRATION

PROJECT TYPE: RETRO COMMISSIONING
PROFESSIONAL SERVICES: CLIENT
ROLE: PROJECT LEAD
CONSULTANT: CONSERVATION DESIGN FORUM
CLIENT: GSA, CBP
PUBLICATION DATE: 2017
STATUS: PUBLISHED

PROJECT: We envisioned, and in partnership with Conservation Design Forum led, the retro-commissioning and site analysis of a major Federal Campus in suburban Maryland. The project documented, measured and balanced the complex and deeply integrated architectural, site systems, and green infrastructure to optimize facility performance.
